THINGS TO THINK ABOUT

When you're working in your garden this spring, if you can't tell the difference between a rose & a dandelion, just pull them all up. If they come back they're weeds.

A former Massachusetts police sergeant who was convicted of attempted extortion is seeking \$113,000 in compensation. His claim includes 481 hours for court appearances related to his case & 280 hours of overtime to prepare for it.

April Fools prank. Make a dozen photocopies of a paper clip & put them in the paper tray so future copies will include a paper clip. Colleagues will go crazy looking for the "lost" paper clip.
